30th September 2005

Dear Gus,

**Business Information Warehouse (BW)/Strategic Enterprise Management (SEM)
External/Internal Budget and Debt Recovery Projects – 22 Mar to 30 Sept 05**

On behalf of the Financial Management Group (FMG), I would like to take this opportunity to thank you for your contribution to the successful completion of both the External and Internal Budgeting Projects. The additional support which you provided on the concurrent project of Debt Recovery is also acknowledged. FMG will now have the opportunity to benefit from the productivity savings in using SEM to manage the budgets with the reporting available in BW. The Debt recovery Project will provide enhanced BW reporting for the Employment Business Services Group.

In particular I would like to acknowledge your role as the team leader. Your leadership, commitment, skills and experience ensured that the impetus of the projects was maintained throughout. The BW/SEM projects have been a beneficial learning experience for the BIS Team. I am confident that the experience gained in working with you and Matt will stand them in good stead to maintain the budgeting and debt recovery systems. Your leadership throughout the project in scoping, design, configuration, testing and documentation has been critical to the project's successful implementation.

I look forward to working with you in the future should the opportunity arise. Meanwhile, I wish you well in your future endeavours.

Yours sincerely

John Galliford
Team Leader
Business Information Systems (BIS)
