

TALINOT *EXPERIENCE-BASED TRAINING*

WISE INFORMATION TECHNOLOGY SPENDING SEMINAR

Duration: 1 day Price: AUD 500.00 per attendee

DESCRIPTION:

The seminar focuses on wise information and communications technology spending. This is particularly relevant during the current global financial crisis. It is a practical and comprehensive course based on more than two decades of first-hand successful experience in wise ICT spending in both internal and vendor ICT organizations.

The course methodology comprises lectures and demonstrations.

The course is ideal for both public and commercial sector executive, finance, procurement, operations, and ICT staff who are involved in ICT spending decisions and processes.
